EXAMINER'S AMENDMENT

(1)

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Alfred Dassler on July 19, 2005.

The application has been amended as follows:

Claim 26, 27, 29 and 30 have been cancelled.

REASONS FOR ALLOWANCE

(2)

The following is an examiner's statement of reasons for allowance: The closest prior art of record, JP 05-124874, discloses making a carbon fiber/carbon honeycomb by providing ribbons of prepreg of phenolic resin in carbon fiber paper with random or 45 degree fiber orientation and putting a honeycomb precursor made from laminated ribbons in a graphite vessel with graphite particles and carbonizing. The prior art of record does not disclose or suggest producing a fiber reinforced composite ceramic including the step of die pressing carbon fiber containing tapes and shaping the tapes in a graphite clamping device used to secure the tapes and prebody formed therefrom by a profiled die, as claimed in Claim 1, or producing shaped tapes

containing carbon fibers having a majority of the carbon fibers aligned parallel to the longitudinal axis of the shaped tapes, as claimed in Claim 17.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
